DELIVERY

As always, we will start deliveries from late October to cater for the volume coming into store. This will be charged as January, payable by end of February 2025. You will be able to opt out of the phased deliveries if you are unable to take stock early.

To opt out of the delivery phasing please notify your Clarks representative when placing your order. Deliveries will start with our carry over styles to ensure you can build up stock in key lines first, followed by our new styles. A schedule will be distributed at a later date once all BTS stock has been placed and we have confirmed availability dates.

OUTSOLE GUARANTEE

Our school shoes are built to last. We take extra care in ensuring our goods are of the highest quality. However, if for any reason our product does not meet acceptable standards, your customers will be entitled to an exchange or refund in accordance with Australian Consumer Law and our Outsole Guarantee. Our Outsole Guarantee, in accordance with the law, will cover any manufacturing faults on the outsole of the shoe that arise during regular wear over the lifetime of the shoe. At Clarks, we consider the reasonable life of our school shoes to be 12 months, depending on the child's state of play. The lifetime of our school shoes will vary depending on the frequency of use, the surface upon which it is used, and the child's state of play. To maximise the life of the shoe it is recommended that they are not worn for high-level activity that causes excessive abrasion on hard or rough surfaces.

If you have questions about our Outsole Guarantee, please contact your Clarks representative.

OUR TECHNOLOGY

Our premium collection features a full grain, buttery leather that is soft to the touch. This aniline leather retains the hide's natural surface and is coloured with dye rather than paint.

Our premium cushioning technology features a silicone gel heel, mid heel supportive structure and a honeycomb foam innersole for the ultimate experience in flexibility and comfort.

Our range of school shoes offers an unbeatable choice of lengths and widths to make sure your child's feet are supported all day, every day.

Clarks' sporty, lightweight EVA outsole bends and flexes with the foot, making them perfect for active kids.

Our Water Resistant technology features a breathable, moisture wicking membrane lining to keep feet dry in rain, hail or shine.

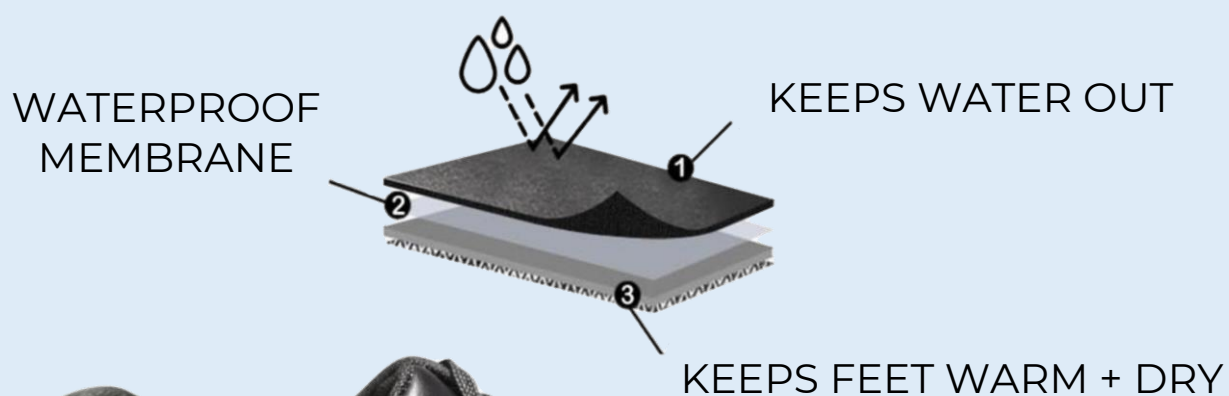

MICRO-FRESH IS AN INNOVATIVE TECHNOLOGY THAT IS ADDED TO ALL OUR SHOES AT THE PRODUCTION STAGE. THINK OF IT AS AN INVISIBLE FRESHNESS AGENT. IT PREVENTS THE GROWTH OF BACTERIA THAT CAUSES ODOURS AND WILL KEEP YOUR SHOES FRESHER FOR LONGER.

Clarks. WATER RESISTANT

Splash around in any weather with our innovative Water Resistant technology. Featuring a highly breathable and moisture-wicking membrane lining, this tech will keep your feet dry and comfortable day in day out.

cushion MAX

We're bringing back the **CushionMax** technology this season in our successful style from last year, Mantra!

Cushioned arch support

Superior support through midsole torsion control

Flexible & lightweight

Dual density, squishy midsole

Durable, non-slip rubber outsole for extra traction

Super soft CushionMax core

STAND
ON YOUR
OWN
TWO FEET.

ICONIC

HARRISONTM
EST. 1948

Harrison is an iconic Australian brand made for those who keep a fast pace and know how to stand out.

They're reliable shoes for an unpredictable lifestyle. We're constantly re-inventing our classic style to keep it fresh, yet iconic, so that you can fit them to your unique style.

Established in 1948, we make great value shoes so you can stand on your own two feet.
